

Integration Platform Timeline Updates

Grace Crummer

PINEMAP 2015 Annual Meeting

Goal of the Session

Incorporate the big paper and outreach elements generated earlier in this meeting into our integration platform timelines

Organized by Integration Platforms:

- Tier II Regional Analyses
- Sap Flow
- Soil Respiration
- Regional Modeling:
 - 3-PG
 - G&Y
 - WaSSI
 - CLM
- Genotyping
- Decision Support System
- Corporate Outreach
- Extension Outreach
- PLT
- Undergraduate Fellowship

Process

- Spend 20 minutes with your integration platform putting the pieces together
- Report back to larger group
 - 1 hour but many groups so only 5 minutes each
- Focus discussion on:
 - which people need to be connected to make a successful handoff/ coordinating information and timing
 - who facilitates each deliverable
 - Post-PINEMAP/ NCE box
- What will the final year of PINEMAP look like?
